

We are a Good Sports club

[CHITON ROCKS SLSC]

CHITON ROCKS SLSC recognises that:

- Environmental (second-hand) tobacco smoke is a health hazard and that non-smokers should be protected from it.
- Role modelling can have a significant impact upon the junior members of the club and as such e-cigarettes are also not permitted in our smoke free area.
- Smoke free areas make smoking less visible and less socially acceptable.
- Smoke free areas support smokers who are trying to quit as well as reduce their overall cigarette consumption.
- Outdoor smoke free areas help to reduce the amount of cigarette butt litter (reducing clean-up costs, fire risk and children's health risk due to swallowing discarded butts).
- Smoke free environments are advantageous in attracting new members as well as positively promoting the club in the community.

Accordingly, the following policy shall apply to all members, administrators, officials, coaches, spectators, visitors and other volunteers and/or or staff of the club.

All club committee members will enforce the smoke free policy and any non-compliance will be handled according to the following process:

- Explanation of the club policy to the person/people concerned, including identification of the areas in which smoking is permitted
- Continued non-compliance with the policy should be handled by at least two committee members who will use their discretion as to the action taken, which may include asking the person/people to leave the club facilities or function.

Policy Promotion

The club will promote the smoke free policy regularly by:

- Putting a copy of the policy in club newsletters and printed member information and on the website and social media.
